EDUCATION

- **Indian Institute of Information Technology, Design & Manufacturing** Chennai, Tamil Nadu
B.Tech in Mechanical Engineering — CGPA: 7.86 2022 – 2026
- **MS Education Academy** Hyderabad, India
XII — Marks: 97.1% 2020 – 2022

EXPERIENCE

- **Software Development Intern** Bengaluru, Karnataka
SwitchiT March 2025 – Present
 - Built the frontend of SwitchiT's V1 social networking platform from the ground up using React.js, TypeScript and Tailwind CSS, owning end-to-end implementation across authentication, posts, comments, likes, follows, connections, jobs and news.
 - Engineered core user flows by integrating backend REST APIs with the frontend, validating API contracts through Postman and handling client-side state, loading, errors and edge cases across the platform.
 - Developed search, filtering and interactive experiences using reusable components and state management, turning backend functionality into responsive, production-ready user interfaces.
 - Implemented reusable component patterns and responsive layouts across the platform, adapting frontend architecture and UI flows as product requirements evolved.
 - Extended the AI news pipeline with 27+ RSS sources, including OpenAI, NVIDIA, DeepMind, MIT and Hugging Face, supporting hourly ingestion and relevance filtering to reduce low-value articles reaching users.
